Re: Programmer

Dear Mr. Gerry:

I am writing to express my interest in the Co-op Data Analyst Student position, as advertised. Currently a third-year Software Engineering student, I am enthusiastic about the opportunity to contribute to the Transportation and Logistics team and gain valuable experience within your organization.

I am eager to work with a dynamic team of business professionals at Universal Truck and Trailer in Saint John, New Brunswick. My commitment to maintaining a high level of professionalism, accuracy, and detail aligns well with the fast-paced and ever-changing environment described in the job description. My efficient communication, leadership, and problem-solving skills and proficiency in Python as well as my academic background, coupled with my enthusiasm for data analytics, positions me as a strong candidate for this role.

Thank you for your consideration. I look forward to discussing my qualifications with you during an interview.

Yours truly,

Saran
