Re: Intern - Software Developer

Dear Mrs. Mikayla:

I am writing to express my interest in the Intern Software Developer role as advertised. As a third-year Software Engineering student at the University of New Brunswick, I am eager to contribute my skills to Quantiphi, an AI-first digital transformation leader.

My coursework has equipped me with strong software development skills, problem-solving abilities, and a sales/growth mindset. I bring a resourceful and flexible approach to problem-solving, demonstrated through academic projects and experience. My proactive engagement in researching new technologies aligns with your emphasis on staying at the forefront of industry advancements.

Thank you for your consideration. I look forward to discussing my qualifications with you during an interview.

Yours truly,

Saran
