Re: Junior Full Stack Developer

Dear Mr.Lucas:

I am writing to express my interest in the Junior Full Stack Developer position at Four Eyes Financial, as advertised. As a third-year Software Engineering student at the University of New Brunswick, I am eager to contribute my skills to your innovative Wealth/RegTech company.

My proficiency in back-end development includes Java, unit testing, Python concurrent programming, SQL databases in both Linux system and on Visula Studio Code. In front-end development, I am experienced in HTML, CSS, and JavaScript with a keen interest in UI design and attention to detail. Quality control is a key aspect of my approach. The innovative work at Four Eyes Financial aligns with my passion for learning and improving systems and processes.

Thank you for your consideration. I look forward to discussing my qualifications with you during an interview.

Yours truly,

Saran
